JUST A LITTLE HELP FROM MY FRIENDS...

"I never asked for it to end, but then I never asked for it to begin, and that's the way it is with life. As some of the most beautiful days come completely by chance, even the most beautiful days have their sunsets." Unknown

DEDICATION

The Woodward School Class of 2003, thanks all of the teachers and the administrations, past and present, for helping make our experience at Woodward a memorable one. This year we dedicate our yearbook to Ms. Ryan and Mr. Lietz. Throughout the years, they have supported, encouraged, helped and guided us. Above all else, they have had great patience with us.

Mr. Lietz, you stuck with us even through all the adversity that our class has endured. Neither we nor you could have imagined the love and respect the class now feels for you. Thank you for always believing in us and pushing us to do our best, and for not giving up - especially after your first year of turned chairs.

Ms. Ryan, it often seems that we don't express our gratitude to you enough. You spend countless hours listening to us and we want you to know how much we appreciate it. Thank you for putting up with all of us.

Mr. Lietz and Ms. Ryan, the class of 2003 thanks you for putting up with all the joking, bickering and "quitting." We hope you know how much you have meant to us. We will always remember the impact that you have had on us.

Thank you,

The Class of 2003

Dear Class of 2003:

Your class yearbook is a permanent memorial of your days and years as a Woodward student. The Woodward Class of 2003 is a unique and special group of young women.

'From those to whom much has been given, much will be expected.' All of you have been given much. Choose a vocation which will allow you to share with the world - through your actions - all of the valuable lessons you have learned at Woodward.

Measure your success by how happy you are and by how many true friends you have, not by wealth or other fleeting pursuits which leave us empty.

When you think of your time here, remember the caring and dedicated teachers who worked so hard to help you succeed. The lessons they taught about honesty, self-reliance, compassion and community service transcend time and place and will serve as a foundation as your journey leads you to many wonderful places. I will miss all of you.

Sincerely,

Tom Wesner

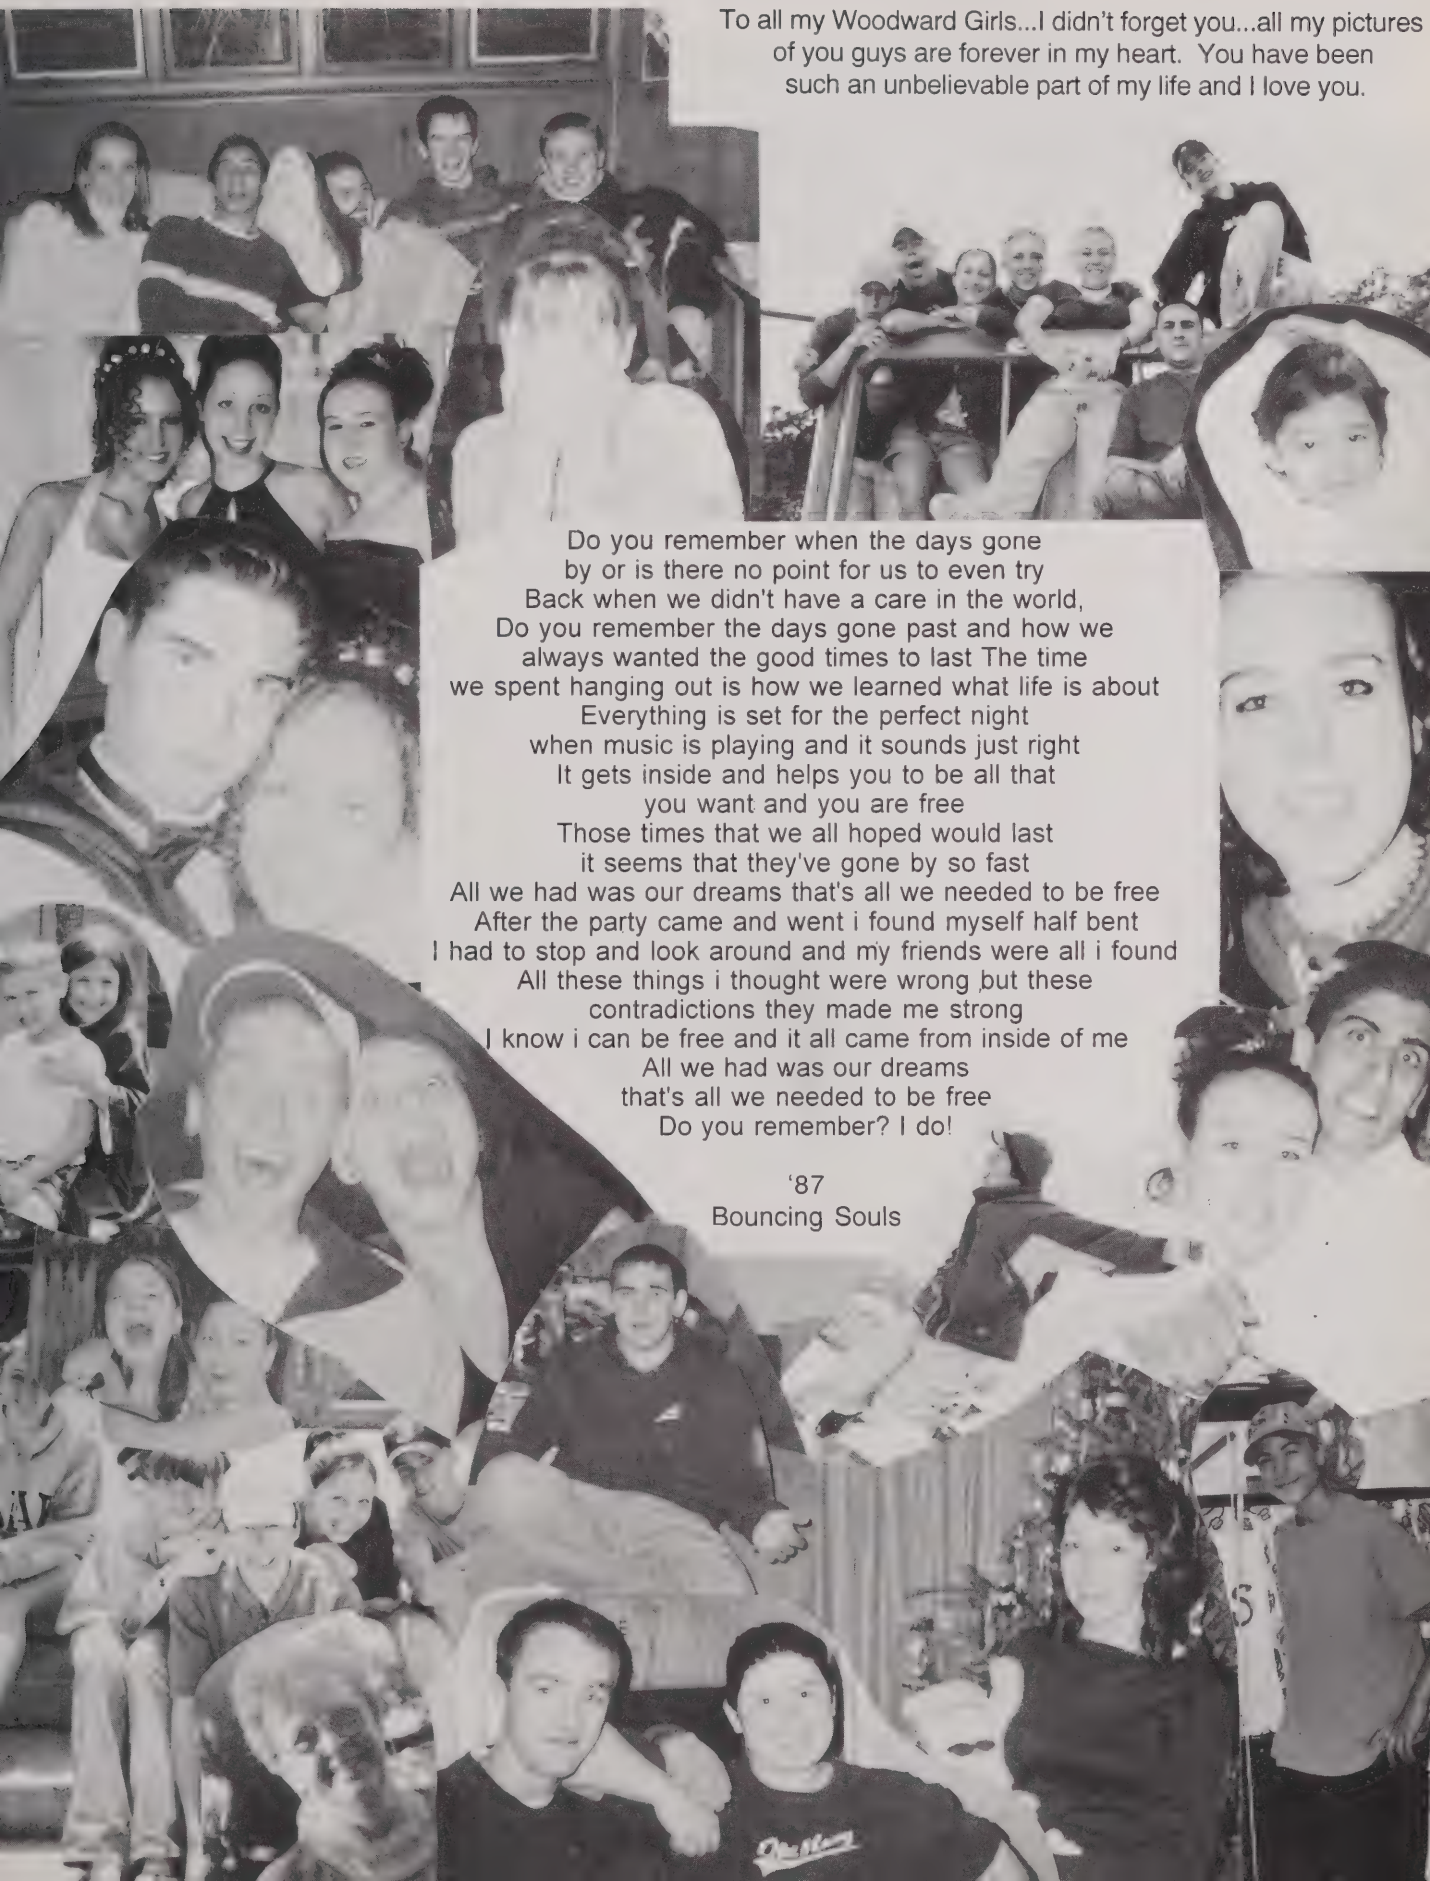
To all my Woodward Girls...I didn't forget you...all my pictures of you guys are forever in my heart. You have been such an unbelievable part of my life and I love you.



Do you remember when the days gone
by or is there no point for us to even try
Back when we didn't have a care in the world,
Do you remember the days gone past and how we
always wanted the good times to last The time
we spent hanging out is how we learned what life is about
Everything is set for the perfect night
when music is playing and it sounds just right
It gets inside and helps you to be all that
you want and you are free
Those times that we all hoped would last
it seems that they've gone by so fast
All we had was our dreams that's all we needed to be free
After the party came and went i found myself half bent
I had to stop and look around and my friends were all i found
All these things i thought were wrong but these
contradictions they made me strong
I know i can be free and it all came from inside of me
All we had was our dreams
that's all we needed to be free
Do you remember? I do!

It's amazing how far we've come, that we all finally made it to this year. **Mama & Daddy:** without your love and support and constant reminders, I don't know what I would have done. You 2 have helped me so much over the last 18 years. I couldn't ask for better parents. You are truly the best in the world. I love you. **Jess & Alex:** you are the best siblings ever. You mean the world to me I love you guys. **T:** despite our differences and our hardheaded stubbornness, we have made it. I don't know what I would have done if you weren't there, you are the greatest friend I could have asked for. I am so going to miss you but I will definitely visit you in NY. Remember: the crazy guy on the way to the movies, the psycho manager at the movies "you can't turn back time" and the drag queen that almost hit us. **Steph:** you are such an awesome friend you helped me so much this year (especially with the earring incident) I am really going to miss you. **Sara:** "G.H.F. Buddy" the good kind, miss you, love you *HUG*. **V:** you are the sweetest girl ever. Don't ever stop bring so blunt. I'll miss that. **Jacki:** "Vegans on Vacation". We definitely have to go camping again and go to Storyland. "Polar Coaster" here we come. We really have to keep in touch. We live too close to not too. **Mr. Butler:** Thank you for teaching me everything I know about the stage and the way it works behind the scenes. Thank you for giving me the chance to be apart of it all. **Mr. Wesner:** you are the greatest headmaster in the world. You have taught me so much over the last 4 years, in and out of the classroom. You have really helped me when I needed it and I want to thank you from the bottom of my heart. I am really going to miss you. **Mr. G:** you, what do I say to a man like you? You have been there when I really needed someone; your support and constant belief in me will never be forgotten. You pushed me to my limits and further, you are a great guy and a superb coach (just try not to throw your coffee any more). I am really going to miss you. **Class of 2003:** WE MADE IT!!!!!!!!!!. Thank you. I love you guys. I'll miss you. See you later, I promise. Watch for me on the silver screen.

FAMILY: Where did the time fly to? I can remember to when I was a little girl and the world was perfect. filled with flowers and sunshine. One day I woke up and realized that I am not a little girl anymore. and the world is not always perfect. But through this transformation from girl to woman, you have been there. Through the good times we remember with photographs. and the *ahem* not-so-good times. But through all this there has been ONE consistency, and that is you. You held my hand through the scary times, and laughed with me through the good times. Now I look back. even though we are still laughing, you're not holding my hand anymore. but I take comfort that you will still be behind me. supporting me. with your unwavering love. Thank you. ***FRIENDS:*** Whoa...it's been one crazy ride. hasn't it? Looking back on my life with pictures of you guys, it makes me laugh. cry and everything in between. With this path through Woodward coming to an end, I feel that a new part of my life is beginning. Some say that with a beginning. comes an end. This is not true. Although I am embarking on a new and glorious mission to the mysterious world of college. I know that I will always look back on our times together and be moved on all we have been through, I will never forget what we have been through. and I promise that 20 years down the road. I will look back and know that you guys changed my life-for the better. I love you all. ***CLASS OF 2003:*** Four years ago. I walked through the big wooden doors of Woodward with nothing but the clothes on my back. Today. I leave you all with much more than I expected. You all have taught me about life. love. friendship. food. and most importantly-myself. I feel that I have gained so much more than I bargained for. I know now, that Woodward was. is. and always will be the place for me. I feel at home among all of you lovely people. I will never ever forget what you have taught me throughout my path of Woodward. People say that these are the best years of our lives. For once. they are right. Thank you for your patience. comfort. stories. and friendship. I will never forget any of you.

Sara: This was our 5th year being best friends. We have had some of the best, but also worst times; including our infamous BC boys-Steve, Mark, Marcello, Ryan, Rich, John (Siamese twin Steve), and Buckley. You were always there for me thru the good (like meeting Rich) and bad (being dumped by Rich). I'm really lucky to have a best friend like you. Thank you for always being there for me. Keep in touch forever. (BC for life) P.s. This has been the hardest year of my life and you have been there helping me every step of the way. I couldn't have asked for a better best friend. I love you buddy.
Tanesha: As our 6th year together comes to an end I am glad to finally be leaving and also sad to leave such a great friend like you behind.
Steph: I remember the first day I met you thinking to myself does she talk? I now know wow I was wrong.
Kaiti: We had some fun times like that semi on the boat. I know now you never were trying to steal Sara just my boys!
Class: It's been a long journey. I will miss all of you even if we didn't always get along, I still care for each of you.
Teachers: Thank-you for all of the encouragement along the way; it really did make a big difference to have teachers who cared.
Family: mom and dad: I couldn't have done it without you. Thank-you for everything, like sending me to Woodward. I love you! **Sam:** I will always be here for you no matter what. Growing up is tough trust me but I'm here to help you.
Rich: I don't know where we will be in 2010, but I hope we will be starting our life together. Thank you for some of the most memorable times. I love you and will always remember the times we shared.

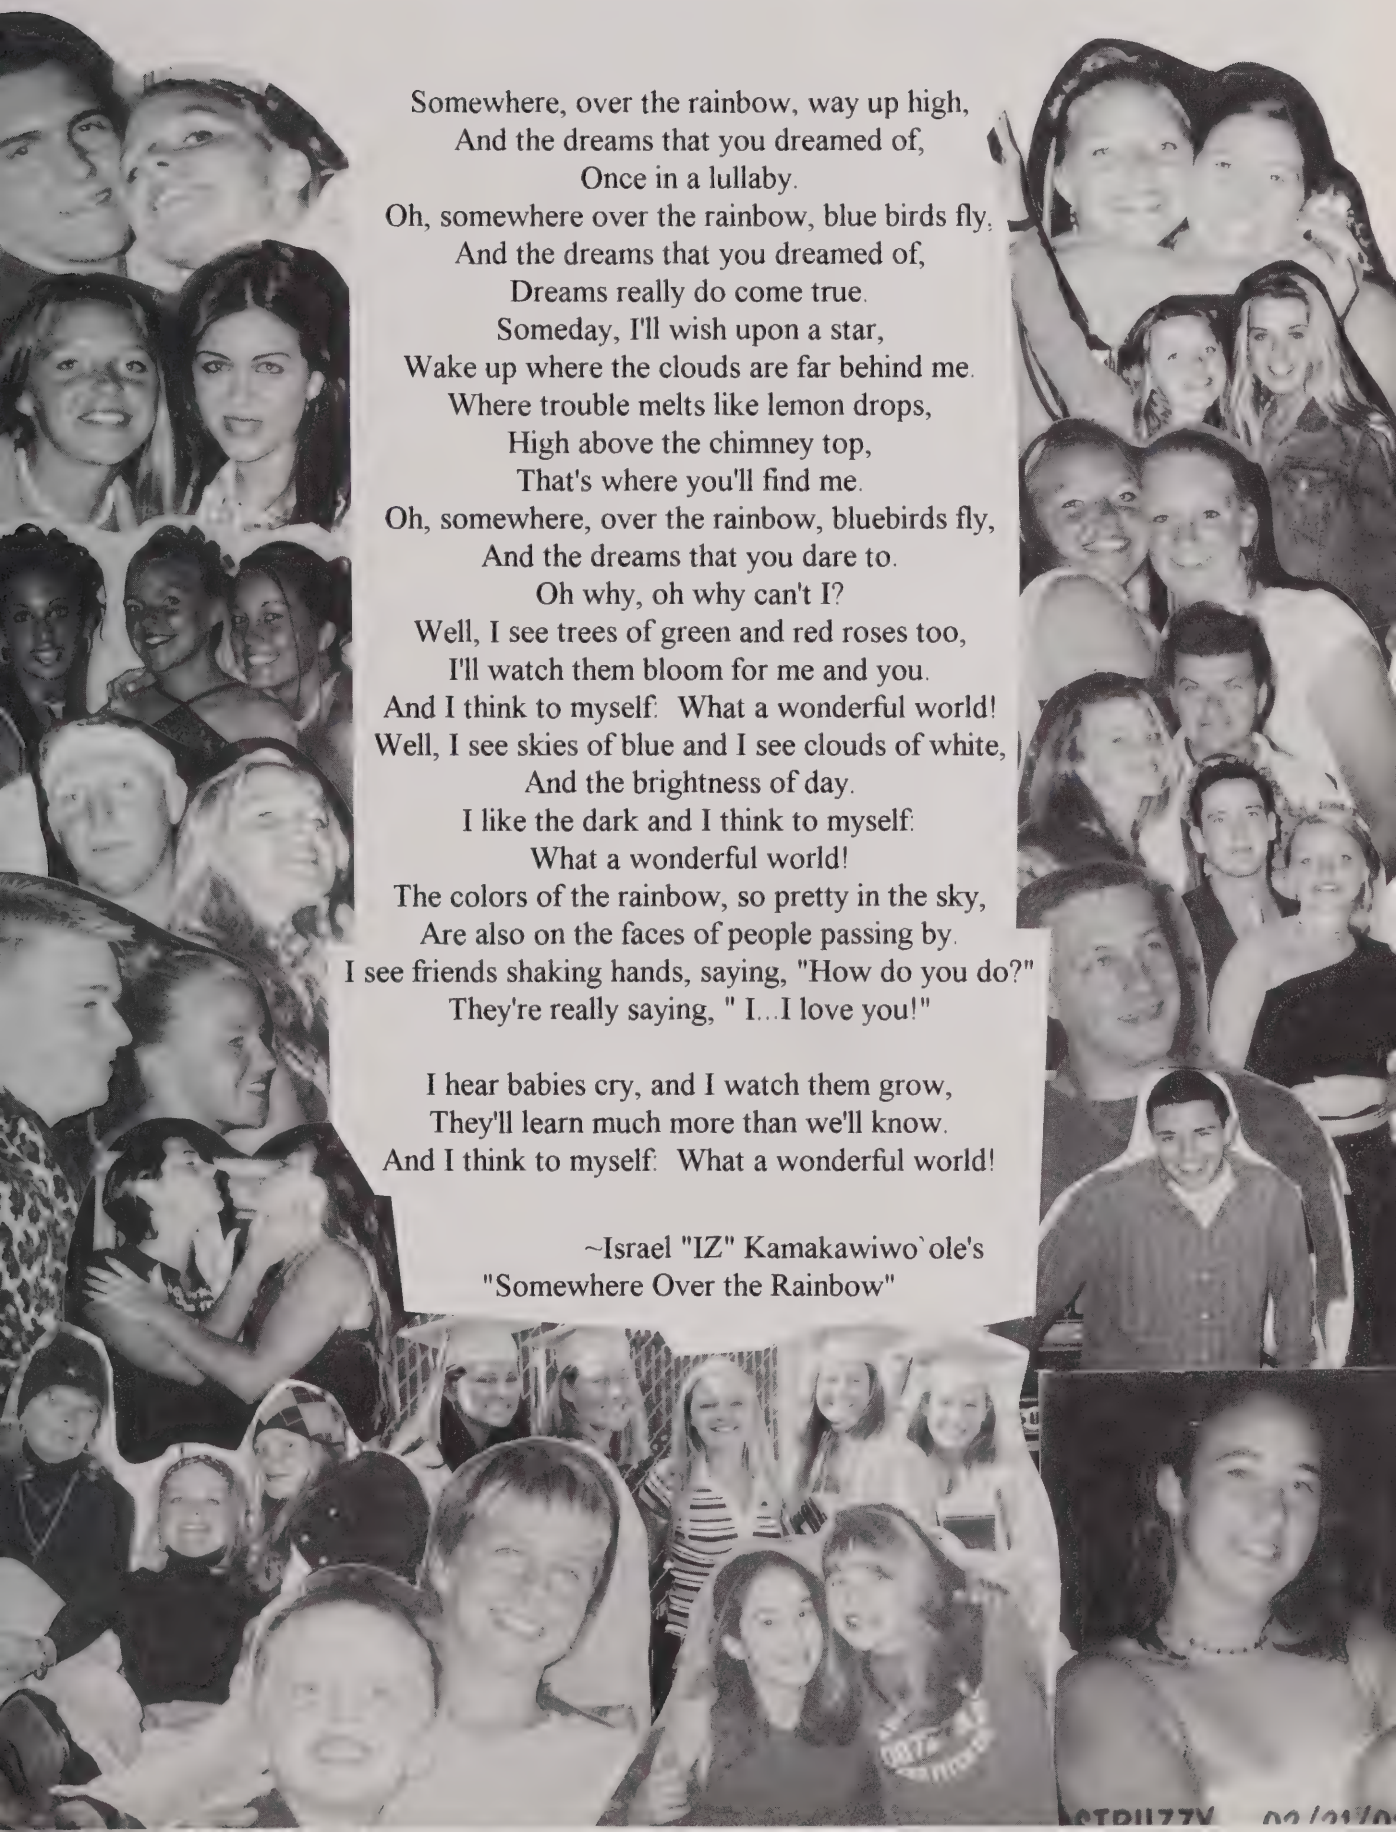
Hey everyone! These six years at Woodward have gone bye so fast. I can't believe that in less than a year I'll be at college. Mom and Dad: If it wasn't for you guys I never would have made it to be the person I am today. Both of you have supported me in everything I do. When I went online and found an on old arthritic Sheltie that needed a home, you let me adopt her. You have encouraged my love of animals by driving me to the animal shelter weekly so I can volunteer. When I get to college, I will be successful and promise to make you proud. Thank you and I love you both. Michael: I love you and don' t forget, it's gonna be your job to put Dudsie to bed when I'm at college. Friends- You guys know who you are! Thanks for always being there for me. I'm gonna miss you all and promise we'll keep in touch for years to come. Congratulations to the class of 2003! I wish everyone success in the future.

MICHAELA PLUNKETT



Somewhere, over the rainbow, way up high,
And the dreams that you dreamed of,
Once in a lullaby.
Oh, somewhere over the rainbow, blue birds fly,
And the dreams that you dreamed of,
Dreams really do come true.
Someday, I'll wish upon a star,
Wake up where the clouds are far behind me.
Where trouble melts like lemon drops,
High above the chimney top,
That's where you'll find me.
Oh, somewhere, over the rainbow, bluebirds fly,
And the dreams that you dare to.
Oh why, oh why can't I?
Well, I see trees of green and red roses too,
I'll watch them bloom for me and you.
And I think to myself: What a wonderful world!
Well, I see skies of blue and I see clouds of white,
And the brightness of day.
I like the dark and I think to myself:
What a wonderful world!
The colors of the rainbow, so pretty in the sky,
Are also on the faces of people passing by.
I see friends shaking hands, saying, "How do you do?"
They're really saying, " I...I love you!"

I hear babies cry, and I watch them grow,
They'll learn much more than we'll know.
And I think to myself: What a wonderful world!

CLASS PROPHECY

As I walk through the blue doors, I feel a wave of nostalgia come over me. I remember all the times my class and I have experienced, all the ups and downs we went through and finally our graduation. We have been apart for ten years and now at our reunion it feels like ten minutes. We have kept in touch as much as possible, but we went in such different directions. Some of us have managed to stay together like Sara Glennon and Tanesha Wright. As everyone already knows, Sara is a famous singer and just finished her world tour. Tanesha is working behind the scenes for Sara since she is her lawyer and is also the lawyer to many famous celebrities. Sara has also managed to keep in touch with Val Lampert who is now married to a wonderful man and is a mother to Michelle.

I find it amazing that the three of them have kept in touch for so long. It seems that I barely kept in touch with my friends. The fact that I went to college in Florida made keeping in touch very hard. I haven't talked to Christine Pedranti in two years, but the last time I did she owned her own animal shelter and was on her way to saving all the dogs. It has been about a month though, since I've last spoken to Liz Eacmen. She graduated from Westfield State and became a high school English teacher. Liz has been able to keep in touch with Kasey McPherson who hasn't really changed much. The only difference is that now she hangs out in Kristin Miers' 1979 Dodge Aspen with other girls' boyfriends. She was accepted to her top choice college and she went with Kristin. They both did very well at college and Kasey is often seen on Entertainment Tonight with Kristin and her husband. Maybe you've heard of him, Eminem. The two of them are very happy and are living in Hawaii.

As I reach the auditorium I realize that I have arrived early and that the only other person there was Jacki Zarella. I find it very odd that the two of us who went the furthest are the first ones at the reunion. Jacki and I are talking and I find out that she has moved to the Virgin Islands and she now classifies herself as a beach bum. We see Ms. Andrews and Mr. Wesner; I swear the two of them never age. They tell us that the bathrooms were redone and that they were recently reaccredited. As Jacki and I are talking to Mr. Wesner and Ms. Andrews we don't even notice the entourage that has shown up. The entourage belongs to none other than Miss Catherine Dubois, the famous movie star who has found the time to fly to Massachusetts from her mansion in California just for this 10-year reunion. It is good to be back.

It seems like Kaiti opened the floodgates, because after her arrival everyone started showing up. The next person to arrive is Jen Paige; she is dressed in hospital scrubs and is yelling at her 10-year-old daughter Arianna. She gives all of us a hug and tells us about LaBouré and what being a nurse is like. She says that she loves it and that it was the best decision she'd ever made. Next, Mary Zoë Bucuvalas and Virginia Griffin walk in together. They are both accomplished psychiatrists and are both married. Zoe is married to a Calvin Klein model. The two of them live in California, but they tell us they were visiting family here anyway so they didn't just fly out for the reunion. They are still as pretty as ever. We all talk for a while and I drink Mountain Dew by the cupful. Everyone says I haven't changed a bit, but being a teacher has changed me a lot. I tell everyone what being a teacher is like and it feels like I have just finished when. Stephanie Giordano shows up, she is one of the top Special Educators in the country. She has also managed to stay in Massachusetts and she still stops by the school to help out.

The next person to walk in is someone dressed very fashionably, but no one can make out who she is. We all stare at her and then realize that it is Andrea Mitchell. She is wearing her new clothing line that has made her very rich in the entertainment business. She recently sold one of her designs to J. Lo and she looks great. She tells us that she is engaged. She also tells us that she has managed to keep in touch with Madeline Snow. Madeline said she would be a little late because she turned 27 today and she was celebrating. Madeline shows up after that and gives us all hugs. I have also just noticed Michaela has entered the room. She is reminiscing with Zoë and Jacki. I walk over and ask her how she is. She says, "Oh, I'm okay, but out of the four guys that proposed to me I cannot decide who to marry. It doesn't matter though because I am independently successful. Hey did you guys ever notice that when you walk, your knees crack." Everyone laughs and says that she is still as random as ever. Michaela also tells about Rachel. She says that although she hasn't spoken to her in a couple of years, the last time they did she was extremely happy and that she loved her job. She had also been dating a famous celebrity for a couple of years and was probably going to be married soon. As soon as Michaela finished her sentence Krista Tully burst into the room. She is covered in black ashes and she says that she can't stay long because she has to work. It turns out that she is working for the Boston Fire Department. She attempts to give us hugs, but we refuse. She wishes us well and leaves to go back to work.

Soon after that interruption Gladiola Cini walks in. She has been very successful in the US and has managed to make enough money for her family to come over from Greece and to stop working. She has made enough money to retire at the age of 28. She has her own family and is very happy. We all sit down to listen to Mr. Wesner's speeches about how our time at Woodward has made us better people. I laugh to myself because I can remember when we had to listen to this speech in high school and we thought it was pretty dull. He would say that someday we would be proud to have gone to Woodward. Now we know he was right. We all have reached our goals and it wouldn't have been possible without Woodward. As he continues I can tell that everyone else feels the same nostalgia.

Mr. Wesner is about to finish when Jess Amador runs in. She looks the same, but very happy. She sits down next to me and tells me the reason she was late is because she couldn't find the school because of its new renovations. She told me that she was "the most smartest." Mr. Wesner was so happy that his point was finally proven that he has set up a television to show us a taped interview with Pauline Law. She looks so grown up and is very professional. She speaks in a very articulate manner and is discussing her dissertation and is laughing about the fact that she has chosen a sect of physics that has no future career. She has managed to answer all the questions in her dissertation that there is no future in it. When the interview is over, we all feel so proud of our class and how far we've come. We all talk for a while and eat (a lot), we exchange phone numbers, and hug. No reunion could've gone better. As I walk out to my Purple PT Cruiser I hear Michaela yell, "You guys one eyes is still bigger than the other." I realize that although we are different, not much has changed. As I drive away I can't help, but look back in my mirror. The world is so complicated and I am sure we all wish we could go back to the way things were. One thing is for sure; Woodward got us to where we are today and I am forever grateful.

Congratulations Zoe!!!

When you were younger we held our baby girl in our arms
As we have grown together now, you hold us when we need comfort
When you first opened your eyes-you saw the world for the first time
Now that your grown-you have opened our eyes to a world of love and kindness
Now you walk out of our shadow to make your own imprint in this great big universe
And we watch with teary eyes and are proud to say
that we brought you here and you are our daughter.
Love, Mom & Dad

Elizabeth,

in your eighteen years there has not been a day that has gone by that we have not been proud to call you our little girl. On your graduation day you will leave childhood and enter a new phase in your life. We would like to thank all the people who have influenced you along the way- teachers, family, friends, coaches, counselors, priests, etc. The combination of your good heart and the fine influence of these people in your life have made you the wonderful young woman you are today. As you move on from high school always remember, no matter where you go or what you do, we will always be proud to call you our daughter.

Love,
Mom and Dad
